All .asm, .out, .stats files are located in /lab5/objectfiles

even-odd.asm

```
1. Number of instructions executed = 5
2. Number of cycles taken = 21
3. Number of data hazard stalls = 6
4. Number of branch hazard stalls = 0
```

prime.asm

```
1. Number of instructions executed = 640
2. Number of cycles taken = 1924
3. Number of data hazard stalls = 716
4. Number of branch hazard stalls = 80
```

fibonacci.asm

```
1. Number of instructions executed = 87
2. Number of cycles taken = 172
3. Number of data hazard stalls = 9
4. Number of branch hazard stalls = 11
```

palindrome.asm

```
1. Number of instructions executed = 47
2. Number of cycles taken = 112
3. Number of data hazard stalls = 28
4. Number of branch hazard stalls = 7
```

descending.asm

1. Number of instructions executed = 340
2. Number of cycles taken = 620
3. Number of data hazard stalls = 65
4. Number of branch hazard stalls = 78
